Webinário da NVIDIA: "Reinventando os data centers 5G com NVIDIA Aerial"

Wednesday, 17 December 2025 11:00 (1 hour)

This webinar describes how NVIDIA's Aerial platform and related AI-RAN technologies turn 5G data centers into fully software-defined, GPU-accelerated, cloud-native infrastructures that can flexibly run RAN, core, and AI workloads together with better efficiency and lower cost.

Presenter: DOS SANTOS GRILLO NETTO, Lincoln
